Hi, I am **Colleen Starck**.

Welcome to my tent. I love to be creative. When I was decorating my home, I could not find cushions that I would have liked. But, I could find some fabric that matched my taste. Hence, I made the cushions myself. And that was how it all began.

Since then, things developed swiftly and I am not doing only cushions, it's a lot more and I also work on demand. So if you want to have something made, visit my tent and let me know what you need. I am sure we can work something out.

I don't have a shop, I work from home. You can find me on the markets as shown below.

My main business are cushions of all kinds. Single colour, various designs but also patchwork cushions and neck rolls. But also seat covers of different kinds (e.g. "non-slide-down" lounge chair covers, or car seat covers). Table covers for market vendors.

I also make some fancy things good enough to get you stunned!

My **"Zipper Bags"**, which are handbags made from one long zip, the girls just love them!

Another nice gimmick are my **"Bottle Waist Coats"**. They make your bottle of wine or liquor look elegant! BTW, a nice gift idea for people who have it all!

... and there will be more to come, **wait and see!**
